Product Code
224S

Dimensions
d.80cm
d.31 1/2"

Material:
Powder-coated aluminium

60W

Autoban reinterprets the classical chandelier. Reminiscent of an octopus, this chandelier has a globe at the centre from which legs tipped with light bulbs emerge. It is a functional design with an entertaining spirit and a sculptural image, as the hinged legs allow for different profiles. This pendant lamp is made using coloured aluminium rods and soft light bulbs. This product is available in a choice of aluminium coloured red, white or black.
